X28 - Carols In The Park (Australia's Christmas Party)

(sung to the tune of Jingle Bells)

Verse 1

It's 9 o'clock at night - it's only just got dark.

The families with their kids are sitting in the park.

The candles have been lit. The stars are shining down.

It's time to sing by candlelight and make a joyful sound

Chorus

Oh, sing a-long, sing a-long, by the candlelight

Australia's Christmas Party all together on a Summer's night

Oh, sing a-long, sing a-long, As the sky gets dark

Everybody joining in the Carols in the Park

Verse 2

And Santa turned up too, his whiskers white and long

He wears a hot red suit, and has his gumboots on

But did he fly tonight with Rudolph and his sleigh? No!

Santa came by fire-truck with his mates from CFA

Chorus

Oh, sing a-long, sing a-long, by the candlelight

Australia's Christmas Party all together on a

Summer's night

Oh, sing a-long, sing a-long, As the sky gets dark

Everybody joining in the Carols in the Park

Verse 3

And now it's very late. The babies are asleep.

The little ones all snug as bugs with blankets round their feet.

It's been a lovely night - the candles have burned low.

Australia's own tradition then it's home to bed we go

Chorus

Oh, sing a-long, sing a-long, by the candlelight

Australia's Christmas Party all together on a Summer's night

Oh, sing a-long, sing a-long, As the sky gets dark

Everybody joining in the Carols in the Park.
